John Condra has gone to Ashville, N. C.

Sherman Smith spent Sunday in Whitwell.

Grady Condra spent Sunday in Whitwell.

Sequatchie River was out of banks Saturday.

Walter Hopkins, of Nashville, spent Sunday here.

W. R. Turner is preparing to haul extract timber from the Jones Point.

Huckleberries are ripe and the pickers report good success in gathering them.

Mr. and Mrs. F. W. Leland left Saturday for Jacksonville, Fla., on a visit to their daughter, Miss Clara Leland.

The Blowing Spring Branch was out of bank Sunday evening, flooding the area that thirty years ago was a mill pond.

One of the big trucks on the road construction crew broke down the bridge north of here near the Jones place Thursday.

Misses Minnie and Ethel Mosier and Mildred Curtis left Saturday on a visit to the Misses Oyler at Sulphur Springs, Ala.

Mr. and Mrs. John T. Raulston and daughter, who have been camping near Ketner Mill, came in Sunday and returned to their home at South Pittsburg, having been rained out.

Walter Holloway, McRoberts, Ky., will read the News for six months, forwarded to him by D. F. Holloway, of Whitwell. He is another valley boy who wants to get the news of his old home.

Local corn has about gone from the granaries. Wheat threshing will soon be here and it would pay the people to buy wheat from the thrasher and have it made into flour either patent or whole wheat at the local mills.

J. G. Lankester, who has been ill for so long a time at his home in Jasper, is reported as slowly recovering. His many friends are pleased to learn that he is getting better, as he has had a very serious illness.

Frank Brewer has moved here and will be in charge of the store of M. D. Brewer during the latter's absence in California, together with Earl Brewer who has been his father's chief assistant ever since the store was opened here.

The Culture Club was rained out Friday night and the roughs and toughs did not get a chance to operate, who are quoted as saying that they would make that thing in two months such that no woman would go to it. Pretty nice thing for Sequatchie young men to say.

J. M. Tanner and wife, who have been visiting in this section for some time, left Monday evening for their home at Los Angeles, Cal. They were accompanied by Mr. and Mrs. M. D. Brewer, who will visit them there and possibly locate. Mr. Tanner has been a resident of California for a number of years and thinks there is no state like the State of the Beautiful Foresters.

H. G. Condra left Monday for Atlanta, Ga.

Era Condra has gone to Ashville, N. C.

Chas. Curtis went to Jasper Sunday afternoon to get some dental work done.

Harvey Smith has accepted a position as head clerk at the Sequatchie Supply Store.

Water has flooded many of the Battle Creek farms and large amounts of corn have been inundated.

Mrs. Hugh Byrd left Monday for Kingsport, Tenn., to join her husband who has employment there.

L. P. Brewer, Tatesville, Tennessee, encloses amount to make the News visit him weekly for 6 months.

Mr. and Mrs. J. G. Payne, of Ryle, Texas, are visiting homefolks. They came in Saturday afternoon to spend Sunday.

Mr. and Mrs. Riley Granum, of Denison, Texas, who are making the trip thru the country in their automobile, are stuck in the mud near Corinth, Miss. They are on their way to visit Mrs. Granum's parents, Mr. and Mrs. W. K. Marlin.

Hoodlums are reported to have rocked James Coldwell's store building at 1 o'clock Saturday night during the rain.

Mr. Coldwell stays in the building. The custom of trying to enrage this old man is getting mighty tiresome to the citizens of the town who want good order.

The old man is feeble and should be let alone by the rowdies.

Dennis Condra returned Tuesday from Dunlap.

HARVEY SMITH

MARRIES INDIANA GIRL

Sequatchie friends of the Smith family will note with interest the following clipping from the Terre Haute Star, regarding the wedding of Harvey Smith and Miss Ethel Kaufman. The News throws a bouquet onto the heap of well-wishes due the young couple.

"Miss Ethel Kaufman and Harvey Smith of Anderson, Ind., were married Saturday evening at the parsonage of the United Brethren Church. The vows were heard at 8 o'clock by the Rev. C. I. Rausch. Miss Kaufman was attended by Miss Elizabeth Thomas as maid, and Roland Burke of Clinton, Ind., acted as best man. Miss Kaufman wore her travelling suit of blue serge with harmonizing accessories. She carried white carnations. Miss Thomas also wore blue serge and carried pink carnations. Following the ceremony an informal reception was held at the home of the bride's brother, Clarence Kaufman, in Woodley avenue. Mr. and Mrs. Smith will leave Tuesday at noon for their home in Anderson, where Mr. Smith is connected with the Anderson Playground Device Company. A miscellaneous shower was given for Miss Kaufman as a prenuptial event at the home of her sister, Mrs. Frank Carter, in Woodlawn avenue, prior to the wedding."

Dennis Condra returned Tuesday from Dunlap.

PUPILS OF MISS SHIRLEY TO GIVE RECITAL

Below is program of recital of pupils of Miss Lena Shirley at Whitwell tomorrow night, which is interesting. Miss Lucile Spence of Chattanooga, who is the guest of Miss Shirley, will assist in the program, giving two readings. She is a graduate of the School of Expression, Belmont-Ward.

CHICKENS FED ON MILK WILL MAKE CHEAP GAINS

Beef Scrap is Expensive, While Skim Milk and Buttermilk are Farm Products—Therefore Use Milk.

(By R. N. Crane, Division of Extension, University of Tennessee.)

Hens produce as many eggs when fed milk in sufficient quantity as when fed beef scrap, according to the Agricultural Experiment Station of Purdue University, LaFayette, Indiana.

As beef scrap costs according to the locality, from \$3.00 to \$3.75 per hundred pounds, and as skim milk and buttermilk are byproducts on the farm, for which we don't have to pay out cash, I think it advisable that boys and girls in poultry club work use all the milk they can possibly get. The acid in the milk when fed to small young chickens seems to have a very beneficial effect on the digestive system, which tends to prevent white diarrhea or other bowel trouble. The milk also contains a great quantity of protein, which is necessary to the rapid growth of young chickens, or to a large production of eggs with hens.

A bountiful supply of either buttermilk or clabored skim milk, as well as a good supply of fresh pure water, should be kept constantly before the young chickens.

In feeding the milk to laying hens, take equal quantities of wheat bran and wheat shorts, and use the milk to mix with them. It may be placed in a dish so constructed that the fowls cannot easily upset it.

Cornmeal dough should not be fed to young chickens, but rather the cornmeal should be made into bread, using about ten pounds of cornmeal, one dozen infertile eggs that have been removed from under the hens or from the incubator, mixed up with sour milk or buttermilk, and a tablespoonful of baking soda. This should be baked thoroughly, and fed to the young chickens until they are about five weeks old, after which time they should be fed equal parts of oatmeal, cornmeal, wheat bran, and wheat shorts mixed with buttermilk or clabored skim milk. They should also be fed equal parts of wheat and cracked corn two or three times a day. A constant supply of coarse sand or chick-sized grit should be kept before them at all times.

This method of feeding will develop your chickens so that they will be in condition to make a creditable showing at the fall fairs.

PLAN WORK IN THE GARDEN

In May One Can Plant and Till and Harvest.

(By Charles A. Keffer, Division of Extension, University of Tennessee.)

Every garden should have two planting days a month; approximately the first and fifteenth. Assuming that on April fifteenth there were parsley, lettuce, radish, peas, beans, spinach, carrot, beet, and corn planted, May first should see tomato, pepper, and egg plant, and okra, cucumber, melons, squash, and lima beans, with a second planting of snap beans, and a second or third planting of radish, sown.

May fifteenth we may add winter squash, safsify, and parsnip, though it would be better to plant them later. Make a third planting of snap beans, a second planting of carrot and beet. May is too late to plant cabbage, cauliflower, lettuce, onion, and spinach. If greens are wanted in late June or July, plant endive the first of May.

But tillage is the great work of May. There is no greater implement than the old fashioned hoe for garden work. The barrow-toothed cultivator will fine the soil between the rows, but nothing gets next to a plant with quite the same influence as a properly used hoe. Stir the soil, shallow, about every plant once a week in May if you want good vegetables, and keep the soil well tilled between the rows.

In May the garden should begin to supply the table. Peas planted in January are ready for use early in May. February transplanted cabbage should be ready for the table in May. March sown lettuce, beet, carrot, and spinach will be big enough to eat, as will April sown radish.

May is the month of planting, of tillage, of harvest to the gardener.

IMMENSE LOSS BECAUSE FODDER IS NOT FED

5,700,000 Tons at a Value of \$28,000,000 is Wasted Yearly in Tennessee.

"Twenty-eight million dollars is lost every year by the farmers of Tennessee through a failure on their part to utilize the feeds that are now to be found on the farms," says Professor C. A. Willson, of the College of Agriculture. Live stock could make use of the feeds. The returns that would result would be additional to those now coming from the direct sale of farm crops. The returns would be additional because the live stock would turn the roughage of the farm, now being lost, into money.

More than half of the fodder of Tennessee goes to waste every year. For every head of cattle in the state there are produced three acres of corn, which will average one ton of stover per acre. One and one-half tons of stover are more than are needed to winter one head of cattle. There is going to waste, then, in this state every year, 5,700,000 tons of corn stover. This at a valuation of \$5.00 per ton means that immense loss of twenty-eight million dollars.—Division of Extension, College of Agriculture.

WHITWELL MAN USES "HERBMYSTIC" WITH ASTOUNDING RESULTS

Gains 37 Pounds and Begins to Eat Anything after Taking Just Seven Doses—Cured of Stomach Trouble After 21 Years Suffering.

Mr. John T. Christain, of Whitwell, Marion county, Tenn., says he is preaching the gospel of good health, after using four bottles of "Herbmystic," Nature's Greatest Tonic, the superior preparation. Here's the startling facts in his case: "I am glad to have the opportunity to explain my case to you. I have had what the doctors called stomach trouble for 21 years. I have tried all kinds of medicine that was recommended for indigestion. I have spent hundreds of dollars for the different remedies, but did not get any relief. First of June I had to stop eating anything except a little soup, every time I would eat anything I would have smothering spells, shortness of breath, palpitation of the heart and I got so I couldn't walk to my work, which was a mile away, had to rest five and six times. I got so weak I had about given up all hope of ever getting well. Two of the best doctors in town did all they could for me, but no relief. I had not eaten a bite of bread in four months. On Oct. 16th I bought a bottle of "Herbmystic." I weighed 120 pounds. After taking seven doses, I ate bread, and began to eat anything I wanted to eat and it did not hurt me. I did not

smother, shortness of breath all gone, can walk to my work in forty minutes, where I took two hours to go. Nov. 16th, one month later, I weighed 157 pounds. I gained 12 lbs. in one month. Today, Dec. 21, I weigh 147 lbs. I am feeling better than I have felt in 21 years. I have used four bottles of "Herbmystic" and I can't praise this medicine high enough for what it has done for me. It has cured me of Stomach trouble, Liver, and Kidney disease. I am as well as I ever was and I don't feel any effects of stomach trouble any more. Many thanks to you for this great remedy. I am preaching the gospel of good health telling the people what "Herbmystic" has done for me, will do the same for them. I wish every person in the world that is sick would use one bottle and be convinced that they can be cured. The druggist can not keep it. They got in a supply a few weeks ago and it's all gone."

This is one of many statements that we have received from grateful people, certifying to the wonderful curative powers of this superior preparation. "Herbmystic" is sold in Sequatchie Valley by Evans & Pope, Whitwell, J. W. Simpson & Son, Jasper, Jno. J. Ingle, South Pittsburg.

Pocket.

Special to the News.

Rainy weather seems to be the order of the day.

Crops are looking fine on the mountain.

J. T. Floyd visited his brother, G. W. Floyd, Sunday.

J. E. Layne passed down the road one day last week.

Mrs. Mary King from Dunlap, is visiting home folks.

Albert Griffith and brother, George, were seen going down the road Sunday.

Sig Green made a short call on George Floyd Sunday.

J. E. Floyd went down the road Sunday.

J. E. Floyd and Walter Green looked sad one day last week.

Jim Tate looked as if he had seen his best girl Saturday.

Albert Griffith hung his hat on Allison Layne's gate post Sunday.

Miss Fannie Statton was all smiles one day last week.

Wonder if J. E. Layne is still hanging his hat on T. J. Morrison's cow horn.

Mrs. Sallie Layne and family visited T. J. Morrison one day last week.

Miss Mattie Floyd visited her aunt, Mrs. Green, one day last week.

We were sorry to hear of the death of Mr. and Mrs. Loston's baby. It was laid to rest at Pine Hill.

Mrs. Grace Green is on the sick list this week.

Fate Layne and wife visited in Happy Bottom one day last week.

George Layne passed down the road one day last week on his father-in-law's mule.

Come on, Gray's Creek, with your pieces, and also Griffith's Creek, for I sure do enjoy reading your piece.

Lovely Rose.

IF YOU WANT QUICK RELIEF

Men and women who feel their health falling because of weak, overworked or disordered kidneys will be pleased to know Foley Kidney Pills are prompt in action and give quick results in the relief of rheumatism, sore muscles, aching joints, backache, pains in side, and sleep-disturbing bladder troubles. For sale by J. W. Simpson & Son, Jasper, Tenn.

A. L. McCullough of Jasper, was here yesterday and called to see the News and pay his subscription, laying down a dollar bill with a wish that he had two of them to pay two years in advance. Mr. McCullough was justly indignant over the way the pike road at Jasper had been ruined by the Dixie Highway road builders with their inexperienced ideas on road building, and declared it a shame.

FOR SUMMER TROUBLES

Hay fever afflicts thousands and asthmasufferers endure torture. Foley's Honey and Tar gives relief. It allays inflammation, clears air passages, eases running noses, soothes and heals. This wholesome family remedy contains no opiates—a bottle lasts a long time. For sale by J. W. Simpson & Son, Jasper, Tenn.
